

# HAZWOPER

40 Hour, Supervisor & Refreshers

# Problem

## Keeping Current, Compliant & Profitable

Operational necessity balanced with HR & Training requirements and federal oversight regulations makes keeping current on HAZWOPER critical to project success, profitability and corporate longevity.

### Problem...Solved!

Operational	HR & Training	Federal Regulations
Focusing on contractual obligations and team expertise	Cost justification for in-house training, employee retention.	Increasing mandated requirements for site workers and supervisors.
Completed during "Off Hours" while mobilized or between contracts.	Customized web portal for corporate cohesion and minimal cost. No need to wait on having enough attendees to justify an in-house instructor.	Continually updated to ensure compliance. Supervisor's Initial and Refresher training for SUXOS, Safety and Quality Control Supervisors.

*40 Hour, 24 Hour, 16 Hour Upgrade, 8 Hour Supervisor and Refreshers, HAZMAT FRA & FRO, HAZCOM & Refresher.*

All HAZWOPER courses are available in Spanish.

# Corporate Solutions

## **SGC Group Corporate Online HAZWOPER Training**

Whether for a small business, large corporation or federal agency, the SGC Group online portal gives you the ability to stay current, stay compliant and stay profitable!

- *Enhance your in-house training capabilities by adding web portal training for those that can't get back to the office.*
- *Retain your best employees by offering Supervisory training.*
- *Stay compliant by having the most current curriculum and reminders 30 days from expiration dates.*
- *Customized web portal for corporate cohesion and continuity\*.*
- *Centralized, monthly billing.*
- *Web based 24/7 access to backup replacement certificates.*
- *Attendees can access their courses (including OSHA safety training courses) immediately after enrollment.*
- *Your designated Corporate Administrator(s) can track employee progress, print completion certificates, update student information and enroll new students in OSHA safety training courses.*
- *Upon completion of the course, students can immediately save and print their certificates, including any past certificates of training for OSHA safety training courses completed with us.*
- *Students have the benefit of taking an updated OSHA safety training course each year.*
